

Aluminium composite panels

Small Quantity Offer

NEW: 25 colours available!

ALUMINIUM COMPOSITE PANELS:

ALPOLIC™ aluminum composite panels consisting of two skins of 0.5mm thick aluminum coated with high-quality lacquer systems and a flame-retardant or non-combustible core material. They are characterized by easy processing, formability, excellent flatness, bending stiffness and weather resistance. In addition, they are impact and break resistant and very durable. The ideal material for sophisticated façade design for both existing and new buildings.

We supply our standard colour range with 25 "CLASSIC" colours from **a small quantity of only 150 m²**. This means maximum flexibility and a reduction in storage costs.

ALPOLIC™/fr

Small quantity/single cut length: 150 m²

Features	Standard	Unit	Value
Total thickness	–	mm	4
Cover sheet thickness	–	mm	0.5
Core thickness	–	mm	3
Width	–	mm	1,285 / 1,535
Length	–	mm	1,800 – 4,300 up to max. 7,300
Weight	–	kg / m²	7.6
Surface/Coating			
Coil-Coating	–	–	LUMIFLON™ (FEVE) Fluoropolymer
Gloss (measured at 60°)	EN 13523-2	%	30*

*except Natural Brushed gloss 60%

Fire classification
B-s1, d0 – flame-retardant

ALREADY AVAILABLE FROM 150 M²!

Product variants:

ALPOLIC™/fr:

Aluminium composite panel with a flame-retardant mineral polymer core (EN 13501-1, Class B-s1, d0).
Width: 1,285 oder 1,535mm

ALPOLIC™ A2:

Aluminium composite panel with a non-combustible (UK: limited-combustible) mineral core (EN 13501-1, Class A2-s1, d0).
Width: 1,250 oder 1,500mm

ALPOLIC™ A2

Small quantity/single cut length: 150 m²

Features	Standard	Unit	Value
Total thickness	–	mm	4
Cover sheet thickness	–	mm	0.5
Core thickness	–	mm	3
Width	–	mm	1,250 / 1,500
Length	–	mm	1,800 – 4,300 up to max. 7,300
Weight	–	kg / m²	8.4
Surface/Coating			
Coil-Coating	–	–	LUMIFLON™ (FEVE) Fluoropolymer
Gloss (measured at 60°)	EN 13523-2	%	30*

*except Natural Brushed gloss 60%

● Coil limited in stock, Terms of delivery: on request

Hint: The representation of the colours corresponds to the printing possibilities. We recommend an exact colour matching based on an original colour sample. You are welcome to request colour samples from us. Due to the production process, slight colour deviations may occur with colours from different production batches. We therefore recommend that you order the total quantity for a project in one order.

ALPOLIC™ – the world's first address for aluminium composite panels

Recycling

Our materials are almost 100% recyclable. Even waste from ALPOLIC™-plants is recycled.
